

The Blue List

Revised summer 2011

A list of all of the current, print, education periodicals held in Olivet Nazarene University's collection on the Lower Level of Benner Library.

This list is very important and will help you through many education assignments; it applies to more than just Education 150. You can find an online copy of the list at <http://library.olivet.edu/pubserv/guides/education/professional.html> .

How to read the list

The column "Use for ED 150?" is referring to whether or not you can use the journal for the Diversity Literature Review assignment in EDU 150. If the column says "yes" it is safe to use the journal for one or both of your article reviews. Do NOT use editorials, book reviews, or literature reviews.

Notes about shelving:

- Journals are arranged in alphabetical order.
- The current 4-years are shelved on counter-height shelves in the center of the room on the Lower Level.
- Issues older than the current 4-years are in the compact shelving around the perimeter of the room. If you need to move the shelves to get into a specific row, move only two shelves at a time.
- If you are looking for a journal that has an acronym for a title, it is alphabetized with the rest of the journals; not at the beginning of the letter (e.g. *ALAN Review* appears after *Adult Learning*).

The following title **cannot** be used for the Diversity Literature Review. However, they are great resources to use in the future as you continue on in the Education program at ONU. These titles are shelved in the Curriculum Center (2nd floor) and may be checked out for two weeks.

- | | |
|------------------|-------------------------------|
| • Appleseeds | • All Mailbox Titles |
| • Cobblestone | • National Geographic Kids |
| • Cricket | • Ranger Rick |
| • Crinkle | • Science & The Young Learner |
| • Highlights | • Spider |
| • Ladybug | |
| • Library Sparks | |

REMEMBER: The parts of a research article are **Abstract**, **Methods**, **Results**, **General Discussion**, and **References**. These sections will be labeled in many of the articles you find.
